Under the aegis of the Fondation de France  
40 Avenue Hoche, 75008 Paris

## HIGHLIGHTS

Created in 2018, the “Foundation Institut Pasteur du Laos” aims at supporting research activities by Institut Pasteur of Laos in relation with infectious diseases through the funding of Institut Pasteur of Laos’ capacity building, research projects, salaries of Lao researchers, technicians and support personnel.

## BACKGROUND

Following the decision of the Board of Directors of the Institut Pasteur du Laos (IPL) on 9 March 2018, and after several years of fundraising efforts, the Institut Pasteur du Laos has been able to create its own foundation. This "Institut Pasteur du Laos Foundation", the first foundation created by a member of the International Network of Pasteur Institutes, is placed under the aegis of the Fondation de France.

- **The foundation is conceived as a permanent tool to ensure the sustainability of the Institut Pasteur du Laos for generations to come.**

A foundation is generally defined as an irrevocable placement of assets for public interest.

The endowment generates financial interest to be paid annually to IPL under the reserve of “good management” of the activities carried out at IPL.

- New contributions to Foundation are actively requested from donors who want to contribute to improve public health by building human capacity in biomedical research in a poor country as Laos, and to have a real impact through their donation.

## HOW TO DONATE ?

Institut Pasteur du Laos does not generate funds through for-profit activities, but only with scientific grants and thanks to governmental, institutional and individual donations.

Regardless of the amount, a gift to the Foundation Institut Pasteur du Laos is a commitment to our mission to improve public health in Laos. Please help us fulfill our commitment to scientific progress, to fighting infectious diseases, and to educate and train Lao health professionals.

- For donation you can simply
  - send a bank check to: Fondation de France (mentioning that the donation is for the benefit of Fondation Pasteur du Laos; N° 01122).
  - or make a wire transfer to Fondation de France with the following bank information: (and mentioning that the donation is for the benefit of Fondation Pasteur du Laos; N° 01122).

*Transparency is our absolute commitment. IPL set up an analytic accounting system with tracking and recording of every amount of money received and spent, as it was the requirement of the founder partner Institut Pasteur in Paris and according to its international standards.*

100% of the funds will be used for the direct benefit of the Institution by financing Lao capacity building, equipment, science programs, Lao salaries and the maintenance of IPL. At your request at the end of each fiscal year, we can provide an exact account of how your donation was used. You can also specify a particular utilization, i.e. sponsor a Lao scientist, specific research program, specific equipment for your donation (in this case please contact us) If you need any assistance please contact the Financial Department of IPL (Mr. Des Gravier, tel: +856 21 285321, fax +856 21 285326).
